### Excerpt from Training for the Newspaper Trade

This thought must be in the mind of every one who adopts the art of letters - the Art Preservative - for a livelihood. To grasp what the ordinary mind does not, and to tell it so that the ordinary mind will perceive and understand, is a great achievement. Many people go through life with limited Observation. It is the privilege, therefore of the newspaper worker to see for the nu seeing and to become a public observer for the benefit of those who cannot Observe.
